"Today, I am feeling proud to launch this portal and Mobile App for the public use. Keeping in view the usefulness and practicality of any suggestions received related to the implementation of this portal, this Ministry will make necessary improvements so that this portal can become more useful and beneficial for the target groups enabling them to be skilled and become self-reliant by availing opportunities related to self-employment or wage-employment," Union Minister for Social Justice and Empowerment Dr. Virendra Kumar said.

Some of the features of this portal are as follows:

Under Ministry of Social Justice and Empowerment, three Apex Corporations - National Scheduled Castes Finance and Development Corporation, National Backward Classes Finance and Development Corporation and National Safai Karamcharis Finance and Development Corporation- are functioning. These Corporations are providing loans at concessional interest rates to the target groups of backward classes, scheduled castes and Safai Karamcharis for self-employment. Besides, they are also providing free training for skill development of the target groups.

These Corporations are constantly striving to make the target groups financially and socially self-reliant, both through loans and skill development training. As per the information available, skill development training has been imparted to 2,73,152 persons of target groups in the last five years by these three Apex Corporations, enabling them to support themselves and their families through self-employment and wage-employment. During the year 2021-22, a target has been set to provide skill development training to approximately 50,000 persons of the target groups through the above three Apex Corporations.
