

# INDIA'S FIRST OBSERVATORY TO MONITOR SPACE ACTIVITY TO COME UP IN UTTARAKHAND

Relevant for: Science & Technology | Topic: Space Technology & related matters

India's first commercial space situational awareness observatory, to track objects as small as 10 cm in size orbiting the earth, will be set up in the Garhwal region of Uttarakhand by Digantara, a space sector start-up. The observatory will help India track activity in space such as debris and military satellites hovering over the region. PTI
