Features of Start Up India

Posted On: 11 MAR 2020 3:13PM by PIB Delhi

Startup India initiative was announced by the Prime Minister of India on 15th August, 2015. The flagship initiative has an objective to build a strong eco-system for nurturing innovation and Startups in the country that will drive sustainable economic growth and generate large scale employment opportunities. Further to this, an Action Plan for Startup India was unveiled by the Prime Minister of India on 16th January 2016. The action plan comprises of 19 action items spanning across areas such as “Simplification and handholding”, “Funding support and incentives” and “Industry-academia partnership and incubation”. Since its inception, 28,979, Startups across the country have been recognised by Department for Promotion of Industry and Internal Trade (DPIIT) as on 01.03.2020.

Salient features of Startup India Action Plan are at Annexure-I.

There is no provision under Startup India initiative for sanctioning of funds to startups directly. However, Government of India has established a Fund of Funds for Startups (FFS) with corpus of Rs. 10,000 crores, to meet the funding needs of startups. DPIIT is the monitoring agency and Small Industries Development Bank of India (SIDBI) is the operating agency for FFS. The total corpus of Rs. 10,000 crores is envisaged to be provided over the 14th and 15th Finance Commission cycles based on progress of the scheme and availability of funds. As on 18th February 2020, SIDBI has committed Rs 3123.20 crore to 47 SEBI registered Alternative Investment Funds (AIFs). These funds have raised a corpus fund of Rs. 25,728 crore. Further, the AIFs have invested a total of Rs. 3,378.47 crore into 320 startups out of which Rs. 912.91 crore have been drawn from Fund of Funds for Startups. Fund of Funds does not directly invest into startups but provides capital to SEBI-registered Alternate Investment Funds (AIFs), known as daughter funds, who in turn invest money in growing Indian startups through equity and equity-linked instruments. Thus, there is no direct fund allocation from DPIIT to States/UTs under Startup India initiative.

Startup India is an ongoing initiative. Necessary measures are being taken based on continuous consultations with all stakeholders.

ANNEXURE-I

Salient features of Startup India action plan
