

MRSAM READY FOR INDUCTION INTO ARMY

Relevant for: Science & Technology | Topic: Defence related developments

The Army version of the Medium Range Surface to Air Missile (MRSAM) under development is ready for induction, defence officials said, as the Defence Research and Development Organisation (DRDO) conducted another round of two successful flight tests on Wednesday. The Indian Air Force (IAF) had inducted a slightly different variant of the MRSAM last year. The test was conducted at the Integrated Test Range, Chandipur in Odisha. It is a joint development by DRDO and Israel Aerospace Industries in collaboration with the Indian industry.
