

# MISSILE PARK 'AGNEEPRASTHA' TO BE SET UP AT INS KALINGA

Relevant for: Science & Technology | Topic: Defence related developments

Foundation Stone for a Missile Park "AGNEEPRASTHA" was laid at INS Kalinga by Cmde Rajesh Debnath, Commanding Officer, in the presence of Vice Admiral Atul Kumar Jain, PVSM, AVSM, VSM, FOC-in-C (East) on 28 May 20.

The Missile Park 'AGNEEPRASTHA' once completed will be dedicated to all the Officers, Sailors and Support Staff of INS Kalinga, who have served in this premier op-support Base of the ENC since its establishment in 1981. The Park also commemorates the award of the prestigious Unit Citation to INS Kalinga for the year 2018-19.

'AGNEEPRASTHA' aims to capture glimpses of Missile History of INS Kalinga since 1981 till date. The Missile Park has been set up with a replica of missiles and Ground Support Equipment (GSE) that showcase the evolution of missiles handled by the unit. The exhibits have been created from scrap / obsolete inventory which have been reconditioned in-house. The main attraction is P-70 'Ametist', an underwater launched anti-ship missile from the arsenal of the old 'Chakra' (Charlie-1 submarine) which was in service with IN during 1988-91.

'AGNEEPRASTHA' will also provide a one-stop arena for motivation and stimulation of inquisitive minds regarding the missiles and related technologies, from school children to Naval personnel and their families. It is also intended to encourage a feeling of ownership and pride in the role of the Unit, and highlight the necessity of contribution of all personnel irrespective of rank/trade towards the overarching objective of ordnance availability, reliability and delivery on target, each and every time.
